JUPITER MUSIC AWARDS – WINNERS

We are pleased to announce that voting for the 1st Jupiter Music Awards closed with more than 1.65 million votes. Following the audit of votes and confirmation of winner acceptances, winners of the following categories are:

MOST POPULAR SOLO PERFORMER – MALE : LEE CHAN WON
MOST POPULAR SOLO PERFORMER – FEMALE : SALAM SALSIBIL
MOST POPULAR DUO / GROUP : BTS
HOTTEST TRENDING ROOKIE : ANGGIS DEVAKI
MOST POPULAR DANCE PERFORMER : BINI

The Awards were originally slated to be presented live at the 29th Asian Television Awards in Jakarta Indonesia but unfortunately the majority of the winners were not able to make it due to work or personal commitments. The trophies will instead be couriered to the winners directly.

After coordination with the winners and their agencies, we will instead now produce a winner's video which will be available on the social channels of the Asian Television Awards as well as on the social channels of the winners' artist agencies. This is expected to be available by 28 December 2024. The winner's reel may also be aired on the digital partner network of the Asian Television Awards.

We would like to take this opportunity to thank all the artistes for their participation, the fans for their support and My1Pick for their partnership.

Congratulations once again to the winners of the 1st Jupiter Music Awards
